Summary

Computer Science undergraduate at NIT Andhra Pradesh with strong foundations in Data Structures, Algorithms and Backend Development. Experienced in building scalable web applications using React, Django and REST APIs, with interests in distributed systems and software engineering.

Education

- **National Institute of Technology, Andhra Pradesh** **Aug 2024 – Present**
B.Tech in Computer Science and Engineering *CGPA: 8.30/10*
- **Narayana Junior College** **Jun 2022 – May 2024**
MPC *Marks: 973/1000*

Experience

- **Web Developer – Vulcanzy 2026** **Feb 2026 – Mar 2026**
NIT Andhra Pradesh
 - Developed a responsive event registration website serving 2000+ participants during institute events.
 - Worked with a team of 4 developers to implement responsive UI components and deploy the application successfully.
- **Full-Stack Developer Intern** **Aug 2025 – Feb 2026**
TechnoForest Innovations
 - Developed reusable React components integrated with Django REST APIs for authentication and CRUD operations.
 - Implemented JWT-based authentication with protected routes and role-based authorization.

Projects

- **Smart Scheduler – University Timetable Generator – React.js, Django, PostgreSQL** **Jun 2026 – Present**
 - Developing a full-stack automated timetable scheduling system to generate optimized, conflict-free academic schedules.
 - Designing scalable PostgreSQL database schemas and building secure Django REST APIs integrated with a React-based dashboard.
- **University Placement Portal — React.js, Django** **Dec 2025 – Jun 2026**
 - Built a full-stack placement portal using React, Django and PostgreSQL. .
 - Implemented JWT authentication with role-based access for students and administrators.
 - Designed REST APIs for application tracking, company management and student profiles.
- **Library Management Application — Flutter** **Jan 2026 – May 2026**
 - Built Flutter application with authentication and role-based access.
 - Implemented book search, reservation and issue tracking.
 - Integrated Django backend APIs for real-time synchronization.

Technical Skills

- **Languages :** C++, Java, Python, JavaScript
- **Frameworks :** React.js, Django, FastAPI
- **Databases :** PostgreSQL, SQLite
- **Core :** Data Structures & Algorithms, OOP, DBMS, Operating Systems
- **Tools:** Git, GitHub, Postman

Leadership & Activities

- Volunteered in Google and Hack2Skill AI Workshop attended by 600+ students.
- Represented NIT Andhra Pradesh in Inter-NIT Basketball Tournament.

Achievements

- All India Rank 14707 in JEE Main 2024.
- Solved 150+ problems on LeetCode focusing on data structures and algorithms.
